

You're Invited to a Makeover Party

Round up your girlfriends for some fun that will leave you feeling absolutely beautiful.

Project You Makeover Parties are a totally unique experience. There are no products to buy. It's all about having a relaxing, fun time with your girlfriends. You'll leave feeling beautiful and like you received a jolt of feel-good energy. *Project You* Makeover Party guests receive a makeover with our professional Makeover Team including makeup artist, hairstylist* and photographer. All guests receive digital files and prints from their personal photo shoot.

For \$195 per person, here's how it works and what you get:

First...

- Determine an ideal date and time for your party — an evening, afternoon or weekend
- Develop a list of 5-8 girlfriends
- Decide who will host the party at her home
- Provide *Project You* with a final head count of attendees

Next...

- Get together some light noshes, wine and great music
- We'll arrive with our professional Makeover Team including a makeup artist, hairstylist* and professional photographer
- Your guests should arrive in a "before" outfit sans makeup and bring an "after" outfit to change into

Then...

- While the guests relax and enjoy each other's company, each guest, in turn, will receive a makeup lesson and light hairstyle (optional)
- Then, each guest will change into their "after" outfit and our photographer will perform a professional photo shoot—guests can decide if they want sexy, fun, corporate or whatever

Afterwards...

- Following the party, a link to a web site will be sent to each guest so she can pick out her favorite photos
- As part of the Makeover Party Package, each guest will receive two different 4 x 6 prints and the digital files for future prints

Want to learn more about *Project You*? Go to www.projyou.com.

And, don't forget to check out the Before & After makeovers because seeing is believing!

* A hairstylist is an optional service.
